### Presented by Grand Kyiv Ballet of Ukraine

From the trauma and heartbreak of war in their country, to the major cities of USA and Europe, and now to the stages of Australia. This is the Grand Kyiv Ballet of Ukraine.

#### Act One – The Ukrainian showpiece...Forest Song

This legendary ballet, which for over 75 years remains the pride of Ukraine. Forest Song is a magical love story, full of mysticism alongside the conflict between the human world and nature. It tells a tale of love and the fearless and brave Mavka, who longs for peace in her world, just as Ukraine longs for peace in her country today.

#### Act Two – Don Quixote

This flamboyant and festive Spanish ballet is a much-loved romantic comedy. It tells the story of a courageous but troubled man's quest for love. Gypsies, bullfighters, lavish costumes, breathtaking dancers and an inspiring music score ensures that Don Quixote is a not-to-be-missed experience.

Two sensational performances. One magnificent evening of ballet.
